## Mt. Washington Airport 70th Birthday Gala **Congratulations, Glenna!**

**Greetings from the North. We are a small country airport celebrating the birth of our airport in 1947 on June 24th and 25th. As a part of the festivities, we will be putting together a static display to celebrate our 70's years. Amidst our history, is the story of [Shirley](#)**

The Hartford Courant recently printed an article about New England Governor Glenna Maxwell, who will be speaking about women flyers in general and her own experiences flying on Tuesday, May 9, at the Simsbury Public Library. The story was picked up by AOPA in the May 4 edition of Aviation eBrief.

**Mann**, a female aviator who managed our little airport and trained numerous pilots through the years. We were hoping that perhaps someone in your group might be interested in taking part in our event to honor Ms. Mann.

We'd also like to invite your group to join us. We have a host of activities lined up for the weekend, including a large scale model railroad, a classic car cruise in, an antique tractor show, a children's aviation crafts program, a community craft fair and exposee, an OHRV safety demonstration, food vendors, free ice cream, a hangar dance featuring the all female band "Not Your Mother," a free pancake breakfast on Sunday morning and much more.

Thank you for your consideration and hope to hear from you.
