Fall Flying Activities

Happy Fall Flying!

As usual, there's no shortage of activities to join in on the fun. But first, a little business:

October 11: 99s WEBINAR

Wednesday, October 11th at 8:00 pm EDT

Briefing on Credentials and Voting Processes for the 2023 Annual Meeting in Jordan

By Kathy Fox & Lois Horne

Every current member of The Ninety-Nines is eligible to attend the upcoming Annual Meeting in Jordan, whether in person or remotely. To be able to vote at the meeting, members must first register to validate their voting eligibility.

Lois Horne, Chair of the Credentials Committee, will explain the credentialing process and answer any questions.

Kathy Fox, the Voting Administrator / Head Teller for the annual meeting will then explain how to vote during the meeting (whether attending in person or remotely) using ElectionBuddy.

It's very important for anyone planning to attend and vote at the upcoming annual meeting in Jordan, whether in person or remotely, to be informed about the credentialing and voting processes.

Register in advance:

“ My troop went to GiG, I loved it enough to go back four times! Then came back as a volunteer-what a blast! I start as a student at WPI this year! - Pearl B. ”

About Geek Is Glam

Geek Is Glam STEM Expo has run as an annual day-long interactive STEM conference for middle school girls (grades 4-8) since 2014. Hosted by **Girl Scouts of Central and Western Massachusetts** on the Worcester Polytechnic Institute campus, GSCWM recruits some 60 to 80 education and adventure collaborators each year to give girls access to some of the region's top scientific and engineering minds as they engage in the exploration and discovery of science, technology, engineering and mathematics on the beautiful WPI campus. In 2022 an older girl track is added called **Coding For Good** to target girls in grades 9-12.

Our Goal

Girls participating will:

- Be excited about STEM subjects and want to learn more
- Develop confidence in their STEM skills and abilities
- Begin to think scientifically to solve problems
- Learn the importance and relevance of STEM to people and to society
- Become inspired about college and all it has to offer
