Beware of Phishing Emails!

Hello, Everyone!

There have been several email phishing attempts received by 99s members today from email addresses that look like they are coming from other 99s members. These emails will ask you for gift cards or money to help the sender, who is having some kind of emergency.

Please note: never send money or gift cards to anyone who asks you through an email. Call them and confirm first.

Today I received an email from what looked like Suzanne Tucci's address. When I hovered over her last name, I noticed that it was spelled with a V instead of a U. This is often how scammers get us to act. They stage an emergency and then make the sender's information look real.

Be Careful Out There!

Yours,
