Lightspeed Grant Competition - Vote Now!

Lightspeed Aviation just announced the rankings of the 12
finalists in their
annual Grant Competition. At the end of week 5, the 99s
are holding steady
in second place.

Voting ends October 14, 2015 so there are lots of
opportunities during the
air show season to tell people about the 99s and get their
votes. Airshows

and other aviation events are great places to harvest
votes. You can share
your enthusiasm for the 99s and aviation with lots of new
friends while

asking them to support the 99s and aviation scholarships
by voting for us.

We will have 99s with iPads at the AOPA Homecoming
Flyin in Frederick,

Maryland this weekend where we hope to see many 99s,
meet lots of aviation

enthusiasts and pilots, and get lots of votes.

If you haven't voted yet, you can do so at

www.vote99s.com or by reply email

to Lexpert@lexpertresearch.com you can ask me to cast
your vote. You can

also send me the names and email addresses of any of
your friends and family

who want to vote for the 99s and we will cast the votes.

Member Activities

*From Lucy Browne:
Working hard on my
Multiengine license and
having success at the
MHT flight training center -
Nashua Flight Simulator
school - can't recommend
them enough! Will send
you a photo soon of my
successful completion of
their program.*

From Jann Clark:

On June 11, I flew with Warren Clark and Steve Gelinas in a C182 from Sanford, Maine, to Niagara Falls. There was no one else in the pattern over the Falls, and we were allowed to fly around three times. A beautiful day for a cross-country flight and for picture-taking, and a gorgeous destination! Another Bucket List item checked off!

C'mon, folks - share your flying achievements and fun flights with other members! Send your stories and pictures to jannclark99@yahoo.com or reply to this e-mail.
