

99s: Women Pilots of Eastern New England

ENE Chapter now has our own Facebook Group!

There are a number of websites available to see current information about your sister 99s and International, Section, and Chapter activities:

99s International website: <https://www.ninety-nines.org/>

New England Section website: <http://womenpilotsnewengland.org/>

Eastern New England Chapter website: <http://www.womenpilotsene.org/>

Katahdin Wings Chapter website: <http://www.katahdinwings.org>

Connecticut Chapter website: <http://www.womenpilotsct.org>

And, of course, our Chapter newsletter, Flylines.

Alas, none of these websites are interactive. Each New England Section Chapter also has a Facebook page and that is great for sharing pictures and adventures, but sometimes, you want to discuss concerns with sister 99s in a not-so-public forum. To this end, Desiree Kocis has created a Facebook Group for Eastern New England Chapter that is a closed group. You must be a 99 to join, and only members of the group can post or see what others have posted, which affords the privacy that public Facebook pages do not. To join the group, go to <https://www.facebook.com/groups/441050379681673/> and ask to join. As soon as your 99s membership is confirmed, you will be approved to join the group.

Thank you, Desiree, for creating another resource for 99s to interact!

Travel Companion Needed for International Conference

Billie Downing has registered for the International Conference in Philadelphia in July. She has a hotel room reserved, but needs some assistance to get from her home in North Reading to the Conference. A ride in a car would be ideal, but if anyone is willing to help her negotiate the airports, a commercial flight is also workable. If anyone is able to help, please contact Billie at (978) 664-2491. Thank you!

Airport Restaurants

When Desiree wasn't busy creating our Chapter Facebook group, she created a map of airports in the New England area that have restaurants on premises or nearby. Here is a link to the map:
https://www.google.com/maps/d/u/0/edit?mid=19R9wOWT_hsABfAVK0I0t5bYFXD_eZFwM&ll=42.77732921625052%2C-71.8657790051605&z=8

Each location on the map, when clicked, includes information such as hours, website link and photos. Desiree included a few airports with diners/restaurants in close walking distance, but color coded them differently (green) to make the distinction.

Again, thank you, Desiree, for this valuable information!
