99s: Women Pilots of Eastern New England

Volunteers Needed at KCON Aviation Day and Runway 5K Saturday, November 7

Rita Hunt of the NH DOT has invited the 99s to be a vendor at their Aviation Day and 5K Run at Concord Airport on November 7. "Some of the current vendors include: Aviation Museum of NH, FIRST Robotics, Plymouth State University Portable Planetarium, Garmin, BendixKing, and more! The only caveat to being a vendor is that each vendor needs to host an activity or provide something interactive for the kids (or adults) to do or take home. We want this to be an opportunity to get kids excited about aviation and STEM education! We are expecting about 500 people. I know how inspirational the 99s were to me as a female pilot just starting out in college and would love to show the little girls at the event what women pilots can do and are capable of."

So far, Lori Plourd of Katahdin Wings and Jann Clark of ENE will be representing the 99s at this event. If you can help with this exciting program, please contact Lori Plourd at piperpilot2003@yahoo.com.

Hope to see some of you there!

Next ENE Meeting

Our next Chapter meeting will be held on Saturday, November 14, at Terrafugia, the flying car company, in Woburn, MA. Vanessa Blakeley will provide specific information as to where we are meeting before that date.

9:30 Coffee

10:00 Meeting

11:45 Stupid Pilot Stories

12:00 Lunch - location to be determined

Please try to attend and get a look at the transportation of the future!

Lightspeed Grant

The 99s came in second in the voting for Lightspeed grants and received a grant of \$8,000.

Thanks to everyone for their help in getting votes for the 99s and to the many supporters and friends who voted for the 99s!
