

## 99s: Women Pilots of Eastern New England

### Scholarship Fundraising

Please help!

**Any size donation gratefully received!**

In case you haven't seen the news lately, the competence of female pilots has been under attack again. While this is infuriating to anyone with knowledge of how our training and licensing systems work, it has a negative effect on the general population who lack this understanding. We need your support now more than ever to fight this injustice by supporting the next generation of women pilots. We ask for your support of two ENE scholarship fundraisers.

**The ENE 99s Chapter Challenge Scholarship:** Lauren Lee has generously issued us a matching funds scholarship challenge. Lauren will match all donations to this scholarship up to \$1000 in matching funds. We want to raise \$2000 for this scholarship by Sept 1, 2025, so that we can launch our 2026 Scholarship Announcement in September. The goal is to have as many members contribute to this scholarship as possible so that it is a scholarship from the members. No donation is too small or too large. Donating is easy at the link below before September 1st. We raised \$2000 last year, let's do it again!)

## **SUMMER FUN BREAKFAST/LUNCH CHAPTER SCHOLARSHIP FUNDRAISER**

Come one, come all to what's sure to be a great throw down at **Lauren's Hangar in Westerly, RI.**

**August 23, 10-2** (rain date August 24)

This event is **open to the public**. Please **post the flyer at your local airport and share with your flying groups**. Cost for breakfast or lunch is by donation - all donations benefit our scholarship fund. This year, we plan to fund the \$3000 ENE 99s Chapter Honorary Scholarship from this fund.

We need your help with the cookout and supplies for the cookout. Use the **Volunteer Signup Sheet** below to sign up for a shift and to sign up to bring supplies.

(If the link doesn't work, please copy it into your browser! Many volunteers are still needed!)

## Directions to Lauren's Hangar:

**Flying in** - Park on the main ramp and walk to the hangar via the short access road next to (south of) the maintenance hangar. Stay off the taxiway.

**Driving in** - Navigate to Westerly Airport. Upon entering the airport, stay to the right of the Westerly Police station, drive up to the access road (the second to last right turn, see map) and turn right and pass through the open gate. When you emerge from the tunnel of trees to the hangar ramp, make an immediate right turn to Lauren's hangar. Park in the grass facing the hangar.
